

“Technology, Innovation and Growth (TIG 2024)”

Conference organised by the Faculty of Management and Economics
Gdansk University of Technology, Gdańsk, Poland

23-24 May 2024

Keynote speakers:

[Holger Görg](#) (Kiel Institute for the World Economy)

[Jakub Growiec](#) (SGH Warsaw School of Economics)

[Klaus Prettner](#) (WU Vienna)

[Francesco Venturini](#) (University of Perugia)

Call for Papers

We welcome contributions related to the economic role of innovation and technological progress (with a particular focus on automation, digitalisation and AI). The main topics to be discussed during the conference include (but are not limited to): the recent trends in the development of technological knowledge, the effects of digital technologies on productivity, economic growth, inequalities, and labour markets; methodological advancements in the quantification of digital progress; technology/innovation in economic growth models. Both theoretical and empirical contributions are welcome.

- [Submission](#) deadline (full paper or extended abstract): 29 February 2024
- Notification: 15 March 2024
- Conference fee: 150 EUR (reduced fee for PhD students: 100 EUR)
- Conference language: English
- Additional information: see conference webpage <https://zie.pg.edu.pl/en/tig2024>
- For further questions, please contact: tigconference@zie.pg.edu.pl

The conference will also summarise the outcomes of the project “[Technological specialisation and productivity divergence in the age of digitalisation, automation and AI](#)”, financed by the National Science Centre, Poland (DEC-2020/37/B/HS4/01302).

Local organising committee:

Aleksandra Parteka (head), Aleksandra Kordalska, Dagmara Nikulin, Igor Niemczyk
